Ramblings from the President

Bob Black, President 2015

I'm running scared.

Remember at the first of the year I told you folks that I expected our Eagle Ranch project to develop Camaraderie, Cohesiveness and Community in our membership. I firmly believe it will do so. BUT, for this to happen we must **ALL PARTICIPATE**. That's what scares me. How so, you ask, I'm gonna' tell you.

So far we have 5 people out of about 60 members turning in items for the Marketplace booth. That is a little over 8% participating. Not nearly enough in my view.

In April we had a total of 6 people in the shop for Turning Wednesday. Let me tell you what the 6 people were doing. Two, including Don Griffiths who runs the Turning Wednesday, were there as coaches. Two other guys were there doing maintenance on equipment and two guys were there to turn. I appreciate the few who were there participating, but come on guys, two people turn up to turn when we have 8 lathes available. Do you think it is any wonder that I'm running scared when I see numbers like that and the show begins on Nov. 5th.

I'd count it as a personal favor if you, all of you, would contact me however you like and tell me your idea to increase participation in Turning Wednesday.

Think about it, a quiet shop, eight lathes, plenty of wood, good company and a project in need of product – what's not to like.

The Marketplace Steering committee has developed a list of items for our booth at Marketplace. It's shown below. Look it over, pick out something you would like to turn and go to work. We need lots of product. If you have something in mind that is not on the list that would be suitable for gift then by all means turn a bunch of them.

April Meeting Notes

Demonstrator: Derek Weidman Demonstration and Workshop

Hands On With Don Griffiths

May Session:

Call for Woodturners. The continuation of the Eagle Ranch gift production for the Market Place Show will be on the May 20th, Turning Wednesday. There will be a continuation of lamp pulls and/or bottle stoppers.

All skill levels are invited. If you are a fairly new turner you will get help on basic spindle turning which is considered the basis for most other styles of turning. If your skills are advanced beyond the novice stage you can participate by going into production mode or helping out others. Everybody helps out each other.

Helping each other out covers everything from someone showing you how to make a particular cut on the lathe to old guys who can't think of a certain word and another old guy fills in the word. We like to have young guys since they can think of the missing word faster.

If you have never participated in Turning Wednesday make this your first one. Some people are hesitant to turn in a group of other turners thinking that everyone will be a much better turner than they are. Forget about that line of thinking. You will find the Turning Wednesday under Don Griffiths is a totally non-judgmental group. You will get instruction on what you need to know and if you are not very careful you will have fun learning.

Chattahoochee is one of the few AAW chapters in the US that has its own shop equipped with 7 lathes. Why not make use of the facility.

Come at 10:00 AM, throw \$5 in the box for wood and keeping the lights on, bring a sack lunch, drinks are in the fridge at a buck a piece, turn until 2:00 or whenever you want to quit. One word of warning – keep a skeptical mind while listening to the stories around the lunch table. Everyone is very truthful, but some people have been known to stretch the truth to great lengths to make a good story better.

Re-Sources of Interest

- For those of you with a PM3520, check out <http://mustardmonster.weebly.com/> for great tips such as making your own moveable remote safety cut off switch. This is great device when you are hollowing and working on the inside of a bowl. You can make this for a few bucks compared to more than \$100 to buy one from Powermatic. Another Great related site for free on-line woodturning videos is: <http://woodturningvideos.weebly.com/>
- Here is a link to a great sharpening video by Doug Thompson, maker of Thompson tools: <http://www.youtube.com/watch?v=ZOc6giDP39A#t=29>
- Mike Peace has added several more YouTube videos to his woodturning channel at: https://www.youtube.com/user/mpax356/videos?view_as=public

- Bob Black recommends woodcraftbands.com for bandsaw blades. They offer a blade just like the Highland Woodworking's Turners blade for green wood but 40% cheaper for an order of 5. Shipping is about \$10."
- Here is a great website where you can find free on-line videos related to turning: <http://woodturningvideos.weebly.com/>

- **ROCKLER:** Most of us would rather just shop online rather than driving to Sandy Springs to get a discount. I spend over three hours a day in my car coming and going so I know the frustrations in getting to our store, but keep in mind that we stock several things instore that you will never see on our website. However, if you enjoy letting the Big Brown Truck bring you packages then I would like to extend the following offer: \$7 flat rate UPS shipping if you call the store to place your order, mention that you're a club member and get your 10% discount.
Spend over \$100 and we'll ship for FREE! (excludes powertools)
I would like to personally thank your group for the continued support of woodturning in our state and local community. If there is anything we at Rockler can do to support you all, please feel free to contact myself.
Sincerely,
Jeff Slaton

Today, we have many resources at our disposal to learn from other woodturners and to gather ideas for our projects. The internet and YouTube are fantastic mediums to see and learn. Not to be forgotten, are the video resources that the club offers. August concludes the free rental period as items checked out should be returned by September 9th (meeting day) to avoid late fees. Check out the titles available on the library list.

Thanks, Ron Grindle, Club librarian
