JUNE 2015

JUNE MEETING

Demonstrator: Jerry Chandler

Biography:

My first exposure to woodturning was in high school woodshop. I bought my first lathe, a use Craftsman “tube”, from a pawn shop in the ‘70’s but didn’t get into serious woodturning until I met Willard Baxter and took my first lesson from him in the fall of 2002. Shortly after that I bought a Jet Mini lathe, stand, chuck and sharpening system from him and began to learn real woodturning. I currently turn on a Powermatic 3520B and my Jet Mini.

Much of what I’ve learned has come from meetings & workshops at Chattahoochee Woodturners, my membership in American Association of Woodturners, Southern States Symposium, and classes with Nick Cook at his shop and Mark St. Ledger and Michael Mocho at John C. Campbell Folk School. I also enjoy the wealth of information available on DVD’s, YouTube and several woodturning forums such as AAW and Sawmill Creek.

I currently turn mostly smaller items such as boxes, ornaments, pepper mills, hollow vessels, bowls and tools & handles. I enjoy the variety of adding specialty projects such as decorated platters, large bowls and novelty items.

I’m a typical woodturning tool junkie so a while back I got interested in using a vacuum chucking system to simplify some tasks such as cleaning up the bottoms of bowls & platters, turning flat pendants and re-chucking some finished items to adjust the shape. In the process, I did some research and discovered that it wasn’t as costly or as complicated as I thought it would be.

Demonstration:

At the June meeting I’ll show you my Jet Mini with the vacuum system I’ve built and explain how I went about it. I’ll also demonstrate making a vacuum chuck from MDF, plastic plumbing pipe and adhesive-backed foam from Wal-Mart. If you have any vacuum chucks, tools or tips you would like to share, we’ll have some time to look at them at the end of the demo.

Ramblings from the President

Bob Black, President 2015

Thank you, thank you, thank you!! You folks did a great job last month producing 66 items for Marketplace. Previously we had only 6 members who had made things for Marketplace. Last month we had 7 new people. We now have 13 people who have made items for Marketplace. I was gratified by the quantity and quality of work last month and encourage you to all keep it up. Turn things you have enough pride in to sign the piece, sign it and turn it in at the next meeting.

We have another event for which we need to start working on. That is our Christmas Ornament Exchange, Party, and Raffle. Spouses get to see some of our work; we have a good time and a good meal at a very reasonable price. Save the date. It is our regular meeting night, Tue, Dec. 8th.

One important grimy detail about the Christmas Party is the fundraising derived from the Raffle and Auction.

This is an important factor in the club's operating budget. We make money on the Christmas Party. I was recently asked why we need to make money. Let me explain.

If we have 60 members who pay \$25 in dues we have \$1500. Add a few hundred to a thousand in income from the monthly raffle and the bit of profit we make on meals and we are up to \$2500. We have a \$3000 demo budget and we expect to come in under budget which probably won't happen this year by much. We pay \$1000 in rent. We are going to be at about \$1000 in outreach and equipment spending this year. Throw in say \$250 for shop maintenance (Mabel, the bandsaw blades don't come for free) and we have expenditures in the \$5250 range.

I'm expecting a midyear financial report from Ryan McDonald this month so we can all see exactly where we are year-to-date. Using the back of the envelope numbers we need to generate something on the order of \$2750 at the Christmas Party Raffle and Auction. If we do that it would be a record.

Please start making some pieces of which you will be proud for the Christmas Party Auction – AND make plans to attend.

At the beginning of the year I told you that I planned for us to have FUN and develop Camaraderie, Cohesiveness and Community within Chattahoochee Woodturners. The plan for the Eagle Ranch Project beyond having an outreach project for which we can be proud was to use the qualities to broaden our membership which had been in decline for the past few years. In at least one small way it's working. I learned that two members have been getting together once a month to do collaborative turnings, and they are talking about stepping up the schedule to one each week. Doncha' just love it when a plan comes together.

UNIVERSAL QUESTION

If a tree falls in the woods, and no one is around to hear it,
who will cut it up into bowl blanks?

Re-Sources of Interest

- For those of you with a PM3520, check out <http://mustardmonster.weebly.com/> for great tips such as making your own moveable remote safety cut off switch. This is great device when you are hollowing and working on the inside of a bowl. You can make this for a few bucks compared to more than \$100 to buy one from Powermatic. Another Great related site for free on-line woodturning videos is: <http://woodturningvideos.weebly.com/>
- Here is a link to a great sharpening video by Doug Thompson, maker of Thompson tools: <http://www.youtube.com/watch?v=ZOc6giDP39A#t=29>
- Mike Peace has added several more YouTube videos to his woodturning channel at: https://www.youtube.com/user/mpax356/videos?view_as=public
- Here is a link to a youtube video showing a woodturning coming apart on the lathe. Wes Jones: <http://www.youtube.com/watch?v=FlhWF4M9CO4>
- Bob Black recommends woodcraftbands.com for bandsaw blades. They offer a blade just like the Highland Woodworking's Turners blade for green wood but 40% cheaper for an order of 5. Shipping is about \$10."
- Here is a great website where you can find free on-line videos related to turning: <http://woodturningvideos.weebly.com/>
- **PEACHTREE WOODWORKING** - PWW, is a big supporter of our annual fund raising auction, and are now carrying a full line of Sorby tools
- **CRAFT SUPPLY** offers a 13% club discount for a group purchase of \$1,000 or more.
- **KLINGSPORT** provides a 10% discount to club members on anything not already tagged as a sale price

- **ROCKLER:** Most of us would rather just shop online rather than driving to Sandy Springs to get a discount. I spend over three hours a day in my car coming and going so I know the frustrations in getting to our store, but keep in mind that we stock several things instore that you will never see on our website. However, if you enjoy letting the Big Brown Truck bring you packages then I would like to extend the following offer: \$7 flat rate UPS shipping if you call the store to place your order, mention that you're a club member and get your 10% discount.
Spend over \$100 and we'll ship for FREE! (excludes powertools)
I would like to personally thank your group for the continued support of woodturning in our state and local community. If there is anything we at Rockler can do to support you all, please feel free to contact myself.
Sincerely,
Jeff Slaton

CHATTAHOOCHEE WOODTURNERS VIDEO LIBRARY

Today, we have many resources at our disposal to learn from other woodturners and to gather ideas for our projects. The internet and YouTube are fantastic mediums to see and learn. Not to be forgotten, are the video resources that the club offers. Check out the titles available on the library list.

Thanks, Ron Grindle, Club librarian

New Resource For Wood

Elisabeth Ross
Two Tree Boyz Wood
678.887.0896

Our company is Two Tree Boyz Wood. We are located in Buford, GA, and we sell green wood for turning. We currently have spalted maple, ambrosia maple, black walnut, spalted oak, Bradford pear, American holly, Leland cypress, and rainbow poplar. Most of it is still in log form, which we would be happy to cut to order prior to coming. There is a detailed current inventory with sizes and features on our blog www.twotreeboyz.wordpress.com.
