March 2019

Message from the President

Harold Wright, President 2019

Rain, rain go away. It seemed like it would not stop, but like Orphan Annie said, the sun has come out. As it begins to warm up maybe we will feel more energized to do some things that we have ignored during the cold rainy days. It may even include some woodturning.

You may have noticed last month that we attempted to setup some parking changes. We will continue to try to help the situation and we solicit your suggestions and assistance.

Bill Lynch is working to fill our program schedule. If you have a suggestion for a program, please let Bill or me know.

Carolyn received an email through our website from a club in Louisiana asking for details of how we acquired the site. That does suggest that the person liked our site. Stephen Walker did a good job for us. I have forwarded the email to him. Betty and I had a crew come last week and trim up our trees. We got some fire wood and a few pieces that will end up in my shop. The reason I mention this is to remind you that if you hear a chainsaw running, you should check it out and you may score some good free turning wood.

MARCH MEETING

DEMONSTRATOR: Marvin Payne

Marvin has been a full-time wood turner for nine years. He has had an interest in wood working from an early age and enjoyed his classes in “wood shop” in high school.

In 2010 he visited a friend who is a wood turner and this sparked his interest anew. He quickly began to explore the exciting world of turning.

Since that time, he has attended numerous symposiums, workshops and demos and is a current member of Classic City Wood Turners in Athens and Peach State Wood Turners in Covington and AAW. He attended the national symposium of AAW in 2016.

In 2013 he participated in a three day juried event in Greenville, SC in which participants are anonymously selected based on photos of their work. He has attended wood turning classes at John C Campbell five times and was the assistant instructor to Rudy Lopez in 2014. He attended classes in hollow form turning at Arrowmont under the instruction of David Ellsworth.

He has most recently demonstrated at Classic City Wood Turners in Athens and Peach State Wood Turners in Covington. Marvin is an active member of both organizations. He also currently teaches privately.

DEMO: Marvin will be demoing his method of turning a natural edge bowl for our March meeting.

MESSAGE FROM MEMBERSHIP CHAIR

Help needed. Club night can seem busy. It's often hard for me to get around the room. Please, if you see a visitor that I may not have gotten to, get my attention or better yet greet them yourself. The yellow visitor cards are near the door.

Carolyn

FEBRUARY MEETING

DEMONSTRATOR: Joe Schlawin

DEMONSTRATION: If you would like a project that will make your friends, neighbors and acquaintances say, “How did you do that”, this is the project for you. At the February 12, 2019 meeting of CWT, our demonstrator, Joe Schlawin demonstrated a complex project that he calls **The Trinity Sphere**. In this demo, Joe goes through the steps to turn a project that is formed from one blank but has three spheres that are continuously connected.

Joe showed to those attending the specialized chuck modifications necessary to safely hold the piece while being turned on the lathe. He also showed us the other jigs and templates used to guide drilling of holes in the blank in order to mount it on a faceplate.

It was a fascinating demo and a well- prepared presentation. Joe provided a detailed project outline to go along with the demo. If you did not get a set of instructions, and wish to have a set, contact me and I will see that you get one. Contact me at rgrindle911@gmail.com

Thanks,
Ron Grindle

Hands On Woodturning

Hands on Woodturning (HOW)

Session, Tues. Mar 19, 2019

Mike Gibson will facilitate on turning a bowl.

Come and enjoy some fun and fellowship with your turning buddies! And maybe even learn new and creative techniques in woodturning. No skill prerequisites required, come as you are. Our planned HOW session will be on turning Whimsical Birds and Animals. This will be spindle churning with a chuck and perhaps some off set turning.

Time: 10AM – 2PM. Bring a lunch. Cold drinks in the refrigerator for a buck. Cost is \$5 for all of the project supplies.

Feb HOW project was turning Whimsical Animals:

Mike Peace facilitated the workshop with help from Mike Gibson and Ron Norris. We had the following participants: Herb Whetzel and Ralph Hogan.

Re-Sources of Interest

- For those of you with a PM3520, check out <http://mustardmonster.weebly.com/> for great tips such as making your own moveable remote safety cut off switch. This is great device when you are hollowing and working on the inside of a bowl. You can make this for a few bucks compared to more than \$100 to buy one from Powermatic.
- Here is a link to a great sharpening video by Doug Thompson, maker of Thompson tools: <http://www.youtube.com/watch?v=ZOc6giDP39A#t=29>
- Mike Peace has added several more YouTube videos to his woodturning channel at: https://www.youtube.com/user/mpax356/videos?view_as=public
- **Safety Tip:** *Don't use a Spindle Roughing gouge on a bowl! Never! Watch this video if you need a reminder why* <https://www.youtube.com/watch?v=IOhHeyoZLaY>
- Bob Black recommends [woodcraftbands.com](http://www.woodcraftbands.com) for bandsaw blades. They offer a blade just like the Highland Woodworking's Turners blade for green wood but 40% cheaper for an order of 5. Shipping is about \$10."
- The **AAW** has created a searchable video library with videos that have been screened for content and safety. You can access this at <http://www.woodturner.org/page/LPVideos>
- **WOODTURNERS WONDERS** Ken Rizza 678-442-9454 [woodturnerswonders.com](http://www.woodturnerswonders.com) kjrdistributing@gmail.com CBN Wheels, Lathe Lamps and Sanding Kits
- **PEACHTREE WOODWORKING** - PWW, is a big supporter of our annual fund raising auction, and are now carrying a full line of Sorby tools
- **CRAFT SUPPLY** offers a 13% club discount for a group purchase of \$1,000 or more.

800-345-2396

www.hartvilletool.com

Discount

The club discount is 15% Off regularly priced items, plus Free Shipping. Some exclusions apply (see Exclusions below).

Ordering Online

Go to our web site (www.hartvilletool.com) and shop as usual. When you are ready to check out be sure to mention that you are a Club Member

Ordering by Phone, Fax, or Mail

To help ensure that you receive the special discounted club pricing when ordering by phone, fax, or mail, you should be sure mention that you are a Club Discount Program participant.

To place an order by: 13163 Market Ave. N.
Hartville, OH 44632

Exclusions

- Discounts apply to regularly priced items purchased directly from Hartville Tool only.
- Purchases made from us via 3rd parties, such as Amazon, E-Bay, etc., will not be eligible for the Club Discount.
- , but not both. No further discounts will be given and offers cannot be combined.
- Offer also excludes:
 - Shipping & Handling Charges (If applicable)
 - Taxes (Ohio delivery addresses only)
 - Gift Certificates/Cards
 - Custom/Special Order Items
 - Festool Products.
- All prices and exclusions are subject to change without notice.

- **ROCKLER:** Most of us would rather just shop online rather than driving to Sandy Springs to get a discount. I spend over three hours a day in my car coming and going so I know the frustrations in getting to our store, but keep in mind that we stock several things instore that you will never see on our website. However, if you enjoy letting the Big Brown Truck bring you packages then I would like to extend the following offer:
\$7 flat rate UPS shipping if you call the store to place your order, mention that you're a club member and get your 10% discount.
Spend over \$100 and we'll ship for FREE! (excludes power tools)
I would like to personally thank your group for the continued support of woodturning in our state and local community. If there is anything we at Rockler can do to support you all, please feel free to contact myself.

Sincerely, Jeff Slaton
